KANA
S Y S T E M S

CAPABILITIES STATEMENT
FUELED BY ALOHA & GRIT

Kana Systems is accelerating digital transformation by engineering robust data-driven solutions and leveraging modern techniques such as AI/ML to create Decision Support tools for leaders.

DATA MANAGEMENT: We get the right data, to the right people, at the right time. From wrangling data in motion to governing data at rest, we reshape the value our partners can bring to their customers and organizations.

DIGITAL TRANSFORMATION: We help customers automate and improve existing processes by transforming legacy data into AI-ready workflows and collaborating with our partners to build immediate value solutions.

DECISION SUPPORT: We provide leaders with the visibility, insights, and clarity they need to make data-driven decisions.

REAL-TIME DATA STREAMING: Real-time problems require real-time, resilient solutions. Using state-of-the-art technology, we build systems and services that exploit the myriad of benefits that event streaming can offer.

ENGINEERED PRODUCTS

- Kana AI ™ Engine
- REEEPoRT ™ App
- Actionable Cognition Tool
- Actionable Analytics Tool

DEVELOPMENT

- Human-Centered Design
- Collaborative Agile Development
- Data Visualization & Dashboards

COMPANY SNAPSHOT

Woman-Owned
Minority-Owned

- UEI: ZBZ4WVPL57D5
- CAGE Code: 8D5M7
- NAICS Code: 541511

- Data Engineering & Analytics
- IoT Real-Time & Streaming Data
- Predictive Analytics
- NLP (Natural Language Processing)
- Artificial Intelligence / Machine Learning

AN INNOVATIVE COMPANY MODERNIZING DEFENSE TECHNOLOGY
